## PROFESSIONAL EXPERIENCE

### Good Done Great, Software Engineer. (2016 – Present)

*Charleston, SC*

- Designed, developed and implemented features and solutions for Good Done Great's enterprise level application. Responsible for a wide range of development tasks working with both the Node.js server as well as the Rollbase API. My most recent project has been to develop a cross-browser pdf generator for our clients to download dynamic content, either from the browser or the server.

### Project Manager, Anchor Sign (2014 – 2015)

*Charleston, SC*

- As Project Manager, I coordinated the repair and installation of sign packages for 3 of the main accounts: Petco, TJ-Maxx, Marshalls, and PPG. I negotiated pricing, wrote proposals for each project, and managed each job from conception to completion, including a \$7 million job from PPG.

## PERSONAL VENTURES

### Co-founder, Lazy Bean Coffee Company (2013 – Present)

*Charleston, SC*

- Developed business from one mobile hot coffee cart to a retail product distributed at 7 local restaurants and small grocers, and became cash flow positive within the first year of business. I was responsible for account acquisitions, coffee production, and product distribution.

### Co-founder, Anchored Solutions Inc. (2010 – 2012)

*Daniel Island, SC*

- Designed and manufactured aluminum reef anchors for the boating and fishing industry. With Anchored Solutions, I was in charge of product design, manufacturing, and developing marketing strategies. I implemented online purchasing options, increasing sales by 25 percent, and sold the company in 2012 to a venture capital firm.

## EDUCATION

### The Iron Yard (2016)

*Front End Engineering*

### College of Charleston (Class of 2011)

*Bachelor of Science, Sociology*
